Peek Inside the Book

On the delusional theory of consciousness Susan Blackmore, Consciousness: A Very Short Introduction

Reader's Opinions

Yes, I am stuck on these wonderful "very short introduction" (VSI) books from Oxford University. This one is the perfect follow-up to the one on free will that I recently reviewed. While the free will book is about logic; how do we think about our consciousness and how can we eliminate false ideas about it through reasoning, this book...
